INTERESTS

CODING, LOVE TO MANAGE THINGS IN ORDER, PIANO

WHY SHOULD HIRE ME ?

I believe that my experience with technology, specifically in the web design space, make me the best match for this position. In my previous job, I was responsible for maintaining and updating our company website. This required keeping employee profiles updated and continuously posting information regarding upcoming events. I truly enjoyed what I was doing, which is what drew me to this position with your company. I would love to bring the coding and content skills I learned there to this position
